

In 2009 Oxford Journals will publish over 220 journals, encompassing some of world's most highly cited and prestigious titles in the fields of Medicine, Life Sciences, Mathematics & Physical Sciences, Humanities, and Social Sciences. 213 of these journals are currently sold as a package entitled the 2009 Oxford Journals Collection, with content dating back to 1996. Individual libraries (single and multi-site) and consortia can subscribe to the entire package, a subject subset, or a bespoke package tailored to meet the needs of library users.
