Authors Agreement

We, the authors, verify that the submitted material has not been published and is not currently submitted for publication elsewhere. We agree to the inclusion of our names in the list of authors on the manuscript in the order shown on the title page.

Conflict of Interest

ESHRE Journals’ policy requires that all authors of all manuscripts, sign a statement revealing (1) any financial interest in or arrangement with a company whose product was used in a study or is referred to in a manuscript. This includes directorships, direct company employment, shareholding (personal or immediate family), consultancy, membership of Advisory Boards, paid lectures, research grants or any other involvement that the author can perceive that a third party may consider creates a conflict of interest. (2) any financial interest in or arrangement with a competing company; (3) any direct payment to an author(s) from any source for the purpose of writing the manuscript; and (4) any other financial connections, direct or indirect, or other situations that might raise the question of bias in the work reported or the conclusions, implications, or opinions stated – including pertinent commercial or other sources of funding for the individual author(s) or for the associated department(s) or organisation(s), personal relationships, or direct academic competition. If the manuscript is published, such information may be communicated in a note following the text and references.
