

Application for Waiver of 2009 Open Access Charges

Under *NAR*'s full open access model the journal's costs are covered primarily by author publication charges (rather than subscription fees). *NAR* has a small budget for waiving open access charges for authors in developing countries and others in genuine financial hardship. Funds for waivers are limited, however, as the journal would not be sustainable without income from author charges to cover its costs. The *NAR* Editors hope that contributors to *NAR* will support the journal's open access model by paying the publication charges if they are able to do so. In particular, requests for waivers from authors with funding outlined at <http://nar.oxfordjournals.org/openaccess> cannot be considered. This form is for Open Access charges only; we regret that excess page charges cannot be waived.

If it is impossible for you to pay the Open Access publication charge outlined below, please complete all sections of this form and express mail or fax to:

NAR Open Access (FAO Athena Artuso), Oxford Journals Customer Service, Oxford University Press, Great Clarendon Street, Oxford OX2 6DP, UK, Fax: +44 (0)1865 353485

All applications must be authorised by a supporting applicant (e.g. Senior financial administrator, Head of Department).
