

# ***Protein Engineering, Design and Selection***

## **CONFLICT OF INTEREST FORM**

*Title:*

*Author(s):* \_\_\_\_\_

*Ms number:* \_\_\_\_\_

**PLEASE NOTE:** As an integral part of the online submission process, Corresponding authors are required to confirm whether they or their co-authors have any conflicts of interest to declare, and to provide details of these. If the Corresponding author is unable to confirm this information on behalf of all co-authors, the authors in question are required to complete and fax this Conflict of Interest form to the Editorial Office at +44 (0)1865 355856. It is the Corresponding author's responsibility to ensure that all authors adhere to this policy.

**MANUSCRIPT AUTHORS:** If you have been asked to do so by the Corresponding author, please complete **Part I or II**. At the point of submission, *Protein Engineering, Design and Selection* policy requires that each author reveal any financial interests or connections, direct or indirect, or other situations *that might raise the question of bias* in the work reported or the conclusions, implications, or opinions stated - including pertinent commercial or other sources of funding for the individual author(s) or for the associated department(s) or organization(s), personal relationships, or direct academic competition.

**When considering whether you should declare a conflicting interest or connection please consider the conflict of interest test: Is there any arrangement that would embarrass you or any of your co-authors if it was to emerge after publication and you had not declared it?**

If the manuscript is published, this information will be communicated in a statement in the published paper.

**I. There have been no involvements that might raise the question of bias in the work reported or in the conclusions, implications, or opinions stated.**
