

The Oxford Journals Medicine Collection 2016

(95 titles)

This is a vast repository of indispensable peer-reviewed research published in partnership with some of the world's pre-eminent medical researchers and societies, including the European Society of Cardiology, the Infectious Diseases Society of America, the European Society for Medical Oncology, and the Gerontological Society of America. Outstanding titles in this collection include *European Heart Journal*, *Clinical Infectious Diseases*, *The Journal of Infectious Diseases*, *The Journals of Gerontology, Series A* (first in the subject area of Gerontology), and *Series B*. This year *Human Reproduction Update* is of particular note, having achieved first place in two categories, both Obstetrics & Gynaecology and Reproductive Biology.

Highlights from the Medicine Collection

www.oxfordjournals.org

American Journal of Clinical Pathology

New for 2016

Impact Factor: 2.514* 12 Issues per year
Pathology 26/75

AJCP is the leading peer-reviewed pathology and laboratory medicine research journal; it is the official journal of the American Society for Clinical Pathology and the Academy of Clinical Laboratory Physicians and Scientists. Its mission is the publication of clinically oriented manuscripts concerning novel laboratory observations on human disease – as well as current concepts and techniques – with particular emphasis on the application of evolving technologies.

Journal of Neuropathology & Experimental Neurology

New for 2016

Impact Factor: 3.797* 12 Issues per year
Pathology 12/75

This journal publishes original articles on neuropathology and experimental neuroscience, book reviews, letters, and news from the American Association of Neuropathologists. It is written by and for neuropathologists, neurologists, neurosurgeons, pathologists, psychiatrists, and basic neuroscientists from around the world. Publication has been continuous since 1942.

Lab Medicine

New for 2016

Impact Factor: 0.505* 4 Issues per year
Medical Laboratory Technology 25/30

Laboratory Medicine (also known as Lab Medicine) is a research journal for laboratory professionals. This quarterly journal publishes original research articles and reviews in clinical chemistry, microbiology, hematology, immunohematology, molecular pathology, cytology, histology, and laboratory management and administration. Its 45,000 subscribers are largely US-based, while its authors are highly international, with many submissions coming from China and the Middle East.

Human Reproduction Update

Impact Factor: 10.165* 6 issues per year
Obstetrics & Gynecology 1/79 & Reproductive Biology 1/30

Human Reproduction Update, first published in 1995, aims to provide invited, comprehensive, authoritative, up-to-date critical and balanced reviews covering all areas of human reproduction. Human Reproduction Update is published on behalf of the European Society of Human Reproduction and Embryology (ESHRE).

Journal of Travel Medicine

New for 2016

Impact Factor: 1.579* 6 issues per year
Medicine, General & Internal 65/153

The Journal of Travel Medicine publishes up-to-date research and original, peer-reviewed articles in the challenging field of travel medicine, including: prevention and treatment of disease; clinic management; patient and staff education; immunizations; impact of travel on host countries; military medicine; problems of refugees; diseases such as malaria, travellers' diarrhoea, hepatitis, TB, STDs and AIDS, jet lag, altitude sickness, trauma, special hosts, and more.

Pain Medicine

New for 2016

Impact Factor: 2.339* 12 Issues per year
Medicine, General & Internal 38/153

Pain Medicine is a multi-disciplinary journal dedicated to the pain clinician, teacher, and researcher. It is the official Journal of the American Academy of Pain Medicine, the Faculty of Pain Medicine of the Australian and New Zealand College of Anaesthetists, and the International Spine Intervention Society. The journal is devoted to the advancement of pain management practice, education, research and policy.

The Oxford Journals Collection

Features and Benefits for Libraries

- perpetual access to paid-for content
- access to content dating back to 1996
- subscribe to the entire collection, individual subject packages or a customized selection of titles
- COUNTER 4-compliant usage statistics
- digital preservation arrangements with CLOCKSS, LOCKSS, and Portico
- licence options available for individual libraries (single and multi-site) and consortia

Features and Benefits for Library Users

- access available via IP address or remotely, via Athens and Shibboleth (where available)
- integrated searching via PubMed and Google Scholar
- keep informed of the latest research with free email alerting
- downloadable references in multiple formats including EndNote, Zotero, ProCite, BibTex or RefWorks
- toll-free linking from citations to any journal hosted by HighWire Press
- mobile-optimized service, including offsite access
